# ITAMAR KEYDAR
## Software Developer

## CONTACT

📞 +610 -98- 22-51

📍 keydaritamar@gmail.com

## SOFTSKILLS

Logical analysis of the problems to be solved.

Ease of learning.

Proficiency in English, spoken and written.

Very diplomatic in teamwork.

Quick learner

Public speaking skills

Catalan and Spanish native level

## EXPERIENCE

**Full-Stack Software developer**
Iris-technology group

I had to develop several applications that applied artificial intelligence of large language models. I learned a lot about Python and node.js for the backend and Angular for front-end development.

Barcelona.

## PORTFOLIO

🌐 portfolio-murex-nine-98.vercel.app

## ABOUT ME

I am highly committed to what I do. I believe that when it comes to programming, anything is possible! This passion drives my love for my work, and I am seeking an ambitious environment where I can leverage my skills. Additionally, I feel comfortable with my teamwork management and communication skills.

## STUDIES

### Web applications development
Instituto Jaume Balmes

- Object-oriented programming with Java and Python.
- Apirest with Java Spring or Python fast Api.
- Web development with HTML, CSS, JS.
- SQL/MondoDB database management.
